MR. BROWNE DECLINES

POLITICAL RELATIONS MAKE HIM UNAVAILABLE FOR TRUSTEE.

Messre, T. W. Ford and George Hamilton Will Serve If the People So Desire, Though They Do Not Seek Office.

As stated in Sanday's Post, Mr. Andrew. Dow and others have undertaken the cirulation of a petition asking Messrs. T. W. Ford, John T. Browne and George Hamilton a become candidates for places on the chool board. Yesterday, however, Mr. Browne requested that his name be dropped from the list as he did not consider himself available for the position. representative of The Post Mr. Browne explained that he thought that politica should not enter into the selection of school

I have been in politics too much to go on the school beard," said he. "Further more I have been identified with what is called a faction and my candidacy would he sure to excite the very kind of opposition that should be avoided in cases of this kind. School trustees should be men unin umbered with partisan blas, men beyond the reach of partisan hatreds. What is ended in the case is men known to all for their disinterestedness and in the undness of whose indoment a majority the people have faith. Men of this charter can be found and should be made to in. At all events some one should be ought out who has had no hand is past attical or school differences, though at o same time not needing identification. Mr. J. M. Cotton, who has also been asked run for school trustee, and who has also clined, agrees with Mr. Browne and said thought there ought to be no difficulty making up a ticker that would be genuly suitance of the three men nose names appear on the Dow petitions, in no sense seeking to become a school names appear on the first knowledge of a mention of his name in this connectical disease. When asked about the matter yearlay he said that his first knowledge of a mention of his name in this connectical disease of the people of Houston that he was the dried of the people of Houston that he will do so, he would accept the responsibity. seeded in the case is men known to

ity. George Hamilton is in a similar po-a to that of Judge Ford. He would be see some one else take the job but if people want him to take it he will do

Vith regard to Mesars, Freeman, Aten i Shepherd, the two first name deap be-the candidates of any one individual, I Mr. B. F. Bonner says he considers Shepherd in every way qualified to air the school board.

FROM SENATOR BURTON.

Insists that He Is Favorable to the Bayou Ship Channel. To the Editor of The Post. Houston, Texas, April 21.-1 am pleased

o hand you this letter just received from inited States Senator J. R. Burton of Kansas who defines himself clearly and sensibly is to his position on the "deep water" to Touston question in which we are so inensely interested, As anticipated the Senator is and has

seen a good friend of Couston and of the Suffule project to come to this city or an Bullaio project to come to this city or an hear as the government engineers decide in practicable or the citizens of Honston desire. I may pleased that this misunder-standing about Senator Burious position is now fully corrected and we can count on his co-operation in the future as we have had, and that the State of Kansas, which he so ably represents, and Honston have sucher able friend at court. Yours, W. B. Slosson,

Mr. W B Slosson, Houston, Texas, Washington, D. C. April 13-My dear Sir: I have your leter of April 12th. My etter of April 8th to you was a personal etter and I did not prepare it for publica-ion, stabenga f have no complaint to make

do so now. In the first place I want to state that I

It is next place from various sources I the Earl family who were recently may had been feel to doubt the feasibility of get the Earl family who were recently may defend and the feasibility of get the Earl family who were recently may defend at Weish, was this morning macried in Lake Carries to Charles G. Ingram, a young man of Orange, who has been young my action on the reports of engineers, who know more about this than I de.

I shall stand in this compress and in the first congresses, with the Texas people in trying to get deep water to Houston. The confusion about this matter grew out of the fact that the item in the fall as it came the balles and indicated that it would take quits a milion as deep as section two, or in other words, I believed that it would take quits a milion as deep as section two, or in other words, I believed that it would take quits a milion as deep as section one will be when the present contract is completed, and in the sheet plung might be described.

Again, I have always believed that the way to build this channel was to begin at the lettles and build it as younge, and cortainly in the work that his already been due on section was to begin at the lettles and build it as younge, and cortainly in the orange less than the highest estimate of any large load of the work was the morning from the sheel parameter. The balls among from the sheel parameter, the balls among from the sheel parameter, the balls among from the sheel parameter, the balls among from the sheel parameter. The balls and the clark that the work that his already to large ball of stranger and has been did of the compact of the balls and the clark that the clark the c

cottoms to its being completed clear on up settoms to its being completed clear on up to Homoton.

Not only is there, in the great Transmission of the county is saippl, field coough and traffic enough to build up and sustain a degree great scaperts on the Texas coast, but it is a mathematical fact that no great scapert of ancient or modern times has ever handled so large a volume of commerce as new originates in those States is in its infancy. What I want is that Kanasa and Texas shall stand together new and in the future in completing the Texas ports. I shall ald Galveston just as cheerfully as I do Houston and La Peric This is not a political question in any sense, but a business problem. Already the facilities for handling Kanasa products in the guit ports have saved the people of our State fallions of dellars.

I believe that Kanasa and Texas will be standing in the future side by side, not only on this but on a great many other cony on this but on a great inany other exponentic problems.

I believe that kanasa and Texas will be standing in the future side by side, not only on this but on a great inany other exponentic problems.

I believe that kanasa and Texas will be standing in the future side by side, not only on this but on a great inany other exponentic problems.

I have made this letter much longer than I have made this letter much longer than the future will be standing the future in the court house bonds, therefore reducing the court house bonds, thereby reducing the court house debt from \$255.00 to \$16.000.

Also Runia file county house the court house debt from \$255.00 to \$16.000.

Also Runia file county house the court house debt from several months to her sister in Houston.

A F. Grubba, after a preducing the future in

# OLD PEOPLE

Do not always receive the sympathy and attention which they deserve. Their ailments are regarded as purely imaginary, or natural and unavoidable at their time of life. Disease and infirmity should not always be associated with old age. The eye of the gray haired grandsire may be as bright and the complexion as fair as any of his younger and more vigorous companions.

Good Blood is the secret of healthy old age, for it regulates and controls every part of the body, strengthens the nerves, makes the muscles elastic and supple, the bones strong and the flesh firm; but when this life fluid is polluted or poisoned and loses its nutritive, health sustaining elements, then there is a rapid decline of the vital powers, resulting in premature old age and disease. Any derangement of the blood quickly shows itself in an ulcer, sore, wart, tumor or some other troublesome growth upon the body, and rheumatic and neuralgic pains become almost constant, accompanied with poor digestion and cold extremities.

S. S. S. being purely vegetable, is the safest and SS best blood purifier for old people. It does not shock or hurt the system like the strong mineral remedies, but gently and thoroughly cleanses the blood and but gently and thoroughly cleanses the blood and stimulates the debilitated organs, when all bodily ailments disappear. S. S. S. is just such a tonic as old people need to improve a weak digestion and tone up the Stomach. If there is any hereditary taint, or the remains of some disease contracted in early life, S. S. S. will search it out and remove every vestige of it from the system.

Write us fully about your case and let our physicians advise and help This will cost you nothing, and we will mail free our book on blood THE SWIFT SPECIFIC COMPANY, Atlanta. Ga.
